WE TAKE REFERRALS FROM:

- Patients
- Family, friends and carers
- Allied health professionals
- Doctors and specialists
- Case managers and injury claim consultants

No doctor or specialist referral is necessary. Please contact us via phone, fax or email to discuss assessment and treatment options.

SERVICE FEES 2007

Mobile Rehab Innovations represents an excellent investment in patient recovery. We pride ourselves on providing a high-quality and cost-effective service. We offer a range of innovative packages and treatment options to suit every rehabilitation and patient need from interim to on-going service.

REBATES

- Private health fund rebates are available from all major health funds
- Medicare rebates are available from the Enhanced Primary Care Plan
- Work Cover and DVA are billed at the gazetted rates, with no additional cost to the patient

ENHANCED PRIMARY CARE PACKAGES

The Enhanced Primary Care Package (EPC) is a government initiative which entitles patients to a Medicare rebate for five allied health sessions per year in total. This includes private Physiotherapy, Occupational Therapy and Speech Pathology.

Patients are eligible for an EPC if they have a chronic medical condition and complex care needs. Management of the EPC is directed by their GP and implemented by your therapist.

Therapy sessions are eligible for the Medicare rebate once an EPC plan has been submitted to Medicare by your GP from the date written on the referral. All receipts issued for EPC Medicare rebates will have the GP details, relevant item number, date and cost of service, and amount outstanding.

For any further information or to make a referral please feel free to contact the office directly.
